PROFESSIONAL SUMMARY

Java Developer with 8 months of hands-on experience building scalable enterprise applications in the shipping domain using Java 8, Spring Boot, Spring MVC, Spring Security, AngularJS, PostgreSQL, and RESTful APIs. Designed and deployed 30+ REST APIs and 20+ UI modules. Improved booking efficiency by 8% via API workflow and database query optimization. Strong in OOP, Collections, Multithreading, Design Patterns, and SOLID Principles. Solved 750+ LeetCode problems. Immediate joiner — Chennai.

TECHNICAL SKILLS

Languages	Java 8+, Python, JavaScript (ES6+)
Backend	Spring Boot 3.x, Spring MVC, Spring Security, REST APIs, Microservices, Hibernate, JPA, JWT, Maven
Frontend	AngularJS 1.x, ReactJS, HTML5, CSS3, Bootstrap
Databases	PostgreSQL 14, MySQL — query optimization, indexing, schema design
Tools	Git, Postman, IntelliJ IDEA, Eclipse, Visual Studio Code
Concepts	OOP, SOLID, Design Patterns, Collections, Multithreading, Agile/Scrum, CI/CD, SDLC, Exception Handling

WORK EXPERIENCE

Java Developer | Paragon Dynamics Info System

Apr 2025 - Dec 2025

Chennai, Tamil Nadu

- Built and deployed 30+ RESTful APIs for shipment booking, rate calculation, and loading workflows using Java 8 and Spring Boot 3.x.
- Improved booking operation efficiency by 8% through API workflow optimization and PostgreSQL query tuning with proper indexing.
- Developed 20+ dynamic UI screens using AngularJS across booking and CRM modules, improving usability and reducing user errors.
- Implemented Spring Security with JWT-based authentication, structured validation, and robust exception-handling for production reliability.
- Developed core modules (booking, pre-booking, transshipment) end-to-end — requirement analysis, development, testing, and deployment.
- Optimized backend business logic and database queries using PostgreSQL and MySQL, reducing response time significantly.
- Integrated Git-based version control and followed Agile/Scrum practices, maintaining clean code history across multiple feature branches.
- Contributed to a real-time enterprise shipping application supporting operations, billing, and management processes.

PROJECTS

Course Registration System | Java, Spring Boot, MySQL, REST APIs,

Jan 2025 - Feb 2025

JavaScript, HTML, CSS

github.com/johnsoundrapandian1033/Course-Registration-System

- Developed a backend system for student enrollment, course allocation, and academic scheduling with CRUD operations and MySQL.
- Designed REST-based workflows for student registration, course assignment, and accurate record maintenance.
- Integrated backend services with frontend via REST APIs for seamless real-time communication.

Online Product Delivery System | Core Java, OOP, Collections,

Apr 2024 - May 2024

Multithreading

github.com/johnsoundrapandian1033/Online-Product-Delivery

- Built a Product Management System using Core Java for product catalog operations, customer registration, and order processing.
- Implemented product ordering workflows, payment selection, and order tracking using OOP principles and Java Collections.
- Utilized Java Multithreading to simulate order processing stages and manage concurrent order execution efficiently.

Blog Web Application | Python, Django, MySQL

Oct 2024 - Nov 2024

github.com/johnsoundrapandian1033/Django_Project

- Developed a responsive Blog Web Application using Django with dynamic content management and server-side rendering.
- Implemented CRUD operations for posts, comments, and user profiles with card-based grid layout for seamless navigation.

ACHIEVEMENTS

- Solved 750+ coding problems on LeetCode (johnsoundrapandian1033) — Arrays, Linked List, BST, Dynamic Programming, Backtracking, Sliding Window.
- Self-taught Java developer — built expertise in Spring Boot, SQL, and web technologies through hands-on project development.
- Contributed to a real-time enterprise shipping application in a production environment within the first month of joining.

EDUCATION

Bachelor of Engineering (B.E.) | Thanthai Periyar Government Institute of Technology

2019 - 2023

Tamil Nadu, India | CGPA: 7.46 / 10.0
